CELL PHONE (WHATSAPP):	+506 87521306
SKYPE:	krlos.nando
EMAIL:	krlosnando@gmail.com
ADDRESS:	San José, Guadalupe.
SALARY EXPECTATION (MONTLY):	$3, 000 dollars (Negotiable).

ABOUT ME

- I have competencies like teamwork, creativity, analysis/judgment, problem solving and handling pressure.
- I am sociable and I like to meet new people and learn of them.
- I am organized (mainly with my code and my backups) and very responsible.
- I have good communication and experience with teamwork.

WORK EXPERIENCE

- **Programmer Analyst at Citi**
  July 2013 - Present (3 year 5 months)

  I'm responsible for designing and developing tools, applications and reports, unit testing, debugging new and/or existing software, performance tuning and optimization of existing code. I'm able to self-organize and work effectively within a team with minimal supervision. I'm highly adaptable and able to quickly ramp-up on emerging technologies, best practices and processes.

  Current tools developed and supporting:
  - ✓ Issue Management tool
  - ✓ HR Talent Tracker Tool
  - ✓ CSS University – FRO Curriculum
  - ✓ CoB Process Recovery (CPR)

- **Web Developer at Desarrollos en linea**
  December 2011 - May 2013 (1 year 6 months)

I developed web applications using the Symfony2 PHP Framework and the following technologies: jQuery, Ajax, JSON, HTML, CSS, XML, YML, with version control systems like Subversion and Git, also we use the database SQL Server 2008.

- ***Software Engineer, Developer at FONABE***
  February 2011 - October 2011 (9 months)

  I developed a [local application](#) for fingering department, I used framework 3.5 of .net in C#, and SQL Database Server 2005.

TECHNICAL SKILLS

I have knowledge in OOP and structured programming; I manage perfectly the process that is needed for the development of software, such as the requirements, analysis, development and testing applying the appropriate software documentation in UML. I have experience as team leader.

Let me show a clearer way to display my strengths and weaknesses.

Programming Languages:
- ✓ PHP (Symfony2)
- ✓ Javascript, Jquery, Ajax
- ✓ HTML, XML, YML, CSS
- ✓ C++
- ✓ ActionScript
- ✓ ASPX
- ✓ VB.NET
- ✓ C#
- ✓ Java(ADF, JSPX, EJB, JPA, Web Logic)

Technologies
- ✓ UML
- ✓ Design Patterns
- ✓ Web Services (Java, .NET)
- ✓ Active Directory Windows
- ✓ Linux, CentOS, Ubuntu
- ✓ FTP, SFTP, SSH
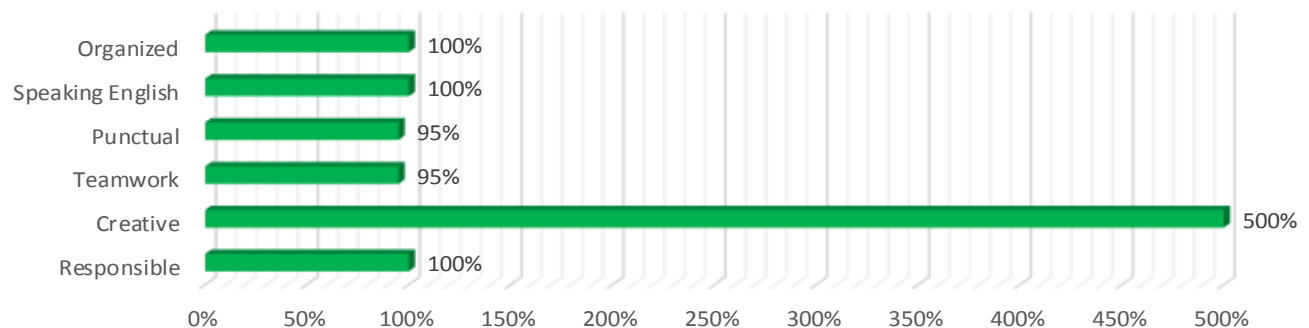

Version Control System
- ✓ SVN
- ✓ Git

Data base
- ✓ MySQL
- ✓ Oracle 11g
- ✓ Microsoft Access
- ✓ SQL Server 2005 y 2008

Integrated Development Environment (IDE)
- ✓ JDeveloper
- ✓ Visual Studio
- ✓ Netbeans
- ✓ FlashDevelop
- ✓ Eclipse

Personal Skills

Skill	Value
Organized	100%
Speaking English	100%
Punctual	95%
Teamwork	95%
Creative	500%
Responsible	100%

ACADEMIC HISTORY

I speak very good English. I was the best average while I was studying at the University Cenfotec and I have developed and participated in the following projects:

- ➢ Project two in CENFOTEC *four months*, we developed two management applications for surveys, we used the .NET framework and database SQL Server 2005.
    - o [Local application in VB.Net.](#)
    - o [Web application using ASPX.NET, JavaScript, Ajax and HTML.](#)
